Dear Parents and Caregivers,

Enclosed is a pamphlet outlining the ChatBus counselling service for children. The School Board of Trustees and Staff support this very positive initiative, which offers additional support and care for our children.

Children may be referred to ChatBus by school staff, parents, or they may choose to self refer. While counselling is confidential, if the counsellor has any concerns, you will be contacted.

You are welcome to make contact with your counsellor at any time, in fact we like to have good relationships with parents, as together we can help children reach their potentials.

Talking about worries is a good habit to develop, and helps children negotiate the teenage years more positively later.

If of any reason you do NOT want your child to attend ChatBus, please fill in the slip below and return to your school office. No reply will be taken as agreement.

We look forward to getting to know you during the year.

Hope and Purpose,

A handwritten signature in blue ink that reads 'Averil Pierce'.
